

**CERN
COLORADO CITIES
LISTED WITH THEIR
COUNTIES
(March 22, 2018)**

NOTE: If a caller asking for emergency help states his location is in or near a city that is not in your County, fill in the "LOCATION" blank of the Standardized Report Form by using this document to first find the CITY and then identify the COUNTY. Next, complete the standardized report form, dial 9-1-1 (you will reach the 9-1-1 operator in your County), tell the operator you need the call to be transferred to the 9-1-1 operator in the caller's County. After you are transferred, relay the caller's information to the 9-1-1 operator in the caller's County. (Also see item #3 of CERN'S Policy and Procedures Training Document).
